PROFESSIONAL SUMMARY

"I'm a graphic designer who loves the 'why' behind the 'how.' I actually hold a degree in Mathematics, which gives me a very organized and disciplined approach to my design work. Over the past 3 years, I've worked with a variety of brands to create designs that aren't just pretty, but actually work to achieve business goals. I enjoy the challenge of taking a brand's vision and calculating the best visual way to present it to the world.

EDUCATION

1. University of Nigeria, Nsukka.

2020 – 2025

Bachelor of Science in Mathematics – CGPA: 4.00 (Second Class Upper Division)

- **Academic Project Title:** “Comparative analysis of different activation functions in the nural netwok”

2. Blessed paradise international schools 2012 – 2018

Senior Secondary Certificate Examination (5 Distinctions)

WORK EXPERIENCE

Graphic Designer/January 2022- February 2026

- **Brand Identity & Strategy:** Developed unique visual identities (logos, color palettes, and typography) for various brands to improve market presence.
- **High-Speed Execution:** Managed multiple design projects simultaneously, delivering high-quality assets under tight deadlines.
- **Logical Layout Design:** Applied mathematical principles and grid systems to create balanced, professional layouts for both print and digital media.
- **Client Collaboration:** Translated client goals into visual stories that increased audience engagement by [40%].

Mathematics Tutor/ September 2023 – December 2025

- Complex Problem Solving: Simplified advanced mathematical concepts (Algebra, Geometry, and Calculus) for students, improving their average test scores significantly.
 - Curriculum Development: Designed structured lesson plans and practice materials for three different tutorial centers, catering to diverse learning styles.
 - Communication & Presentation: Mastered the art of public speaking and visual demonstration, skills that now help me present design concepts to clients clearly.
 - Mentorship: Guided over [500] students through successful entrance examinations into top-tier secondary schools and universities.
-
