

PACE SETTERS
Academy
We teach, God imparts...

Ikechukwu Joshua
Senior Brand Designer

Logo Description

The Symbolism: The Flipping Book The core of the logo features a book, but you'll notice it isn't lying flat or closed. It is flipping. The Momentum of Learning: The flipping pages represent the transition from one level of knowledge to the next. It's not just about having information it's about the action of learning and the speed at which your students progress.

The 'Pace' in Pacesetters: The motion of the pages creates a visual rhythm. It suggests a forward-leaning energy, showing that this Academy doesn't just teach; it sets the tempo for excellence.
